**15 Royal**  
Head Coach

---

In our second year, I'm continuing to look forward to building community through our organization. I'm excited to interact with various coaches, players and families around the B/CS area and connect through our shared love for the game. I'm also excited for various opportunities through LOVB, including their inaugural pro season in 2024, and the ability to learn and grow through a greater volleyball network."
